Through this innovative measure, the knowledge of the culture, traditions and practices of different States & UTs will lead to an enhanced understanding and bonding between the States, thereby strengthening the unity and integrity of India.

I Strongly believe that offering students a stress free learning environment which encourages creativity and critical thinking. Our students are ever keen to learn. Their inquisitive nature is ever alive. They are always curious to know more and more every day. They are ever ready to instigate, interrogate, investigate and propagate. In the current challenging time it is essential that students not only excel in academics but should also develop courtesy, discipline, smart personality, social sensitivity and be imbued with traditional values and culture of our country. EBSB activities are the foundation of the core values essential for the overall development of the future citizen of tomorrow. It is the best time to encourage and congratulate the winners of the competitions and the students who have participated in EBSB activities.
