The event was conducted under the Ek Bharat Shreshtha Bharat (EBSB) of MoE. The pairing Institute with IPS Academy, Institute of Engineering & Science, Indore M.P. is Government Polytechnic Kohima, Nagaland. We at IPS Academy, Institute of Engineering & Science Indore conducted first event under EBSB scheme where in both Institutes shared their culture, life style, tourist places, history, clothing, daily routine etc. The event was liked by all the students/faculty members and other stake holders. In continuation to same, this time we on Feb 26, 2022 organised a face painting competition with a theme of “Face Art Culture of Nagaland.” The students participated in the event & they painted the face of their fellow mates with tribal faces of Naga People. The event was a full day event in which first students selected the face to be painted then a group of them painted the face & then exhibited same Infront of judges.

The event was liked by everyone. The event completed the objective that Institute people at parent Institute got knowledge of the culture of Nagaland. They also got to know the logic behind the such practices. This will raise an equal respect towards the culture of the paired state. The event was shared with the paired Institute ie Government Polytechnic Kohima, Nagaland on MS Team Platform.
