

Name of organizing unit : Department of IT ,Panimalar Institute of Technology

Co-organizing unit : Valiant Technologies Pvt.ltd (V-Tech)

Venue : Online Event

Date of Event : 4/05/20

Whether funds received from IEEE exclusively for this event : No

Topic : IOT-Forensics

Speaker details : Dr.Ramasubramaniam,Ph.D,M.BA(UK),Director and CEO, V-Tech

Faculty coordinator :Dr.R.Josphineleela,Prof/IT

Target audience : Final year IT students

Attendance : 60

Brief description :

Department of Information technology has organized an online webinar on the topic of IOT Forensics for Final year students with collaborations with valiant technologies pvt.ltd. Dr.Ramasubramaniam, director and CEO of valiant Technologies Pvt.Ltd has delivered the topic IOT forensics on 4/05/20 in effective manner. Upon the completion of this webinar, Participants should be able to: Understand the existing IoT security and privacy challenges; Understand the basic procedure of IoT reverse engineering and forensics analysis to identify the IoT security vulnerabilities; Understand how hardware can work with software to protect system-level security; Target Audience of this webinar is final year students . The participants were more interactive with resource person by raising the questions

The screenshot shows a Zoom webinar interface. The top status bar indicates battery levels of 81% and 75%, and times of 11:21 and 11:44. The main content area displays a presentation slide titled "Different Things Need To Be Protected". The slide features a line graph comparing "Billions of Devices" (green line) and "World Population" (blue line) from 2003 to 2020. The graph shows a rapid increase in devices, reaching 50 billion smart objects by 2020, while world population reaches 7.5 billion. A "Tetration Point" is marked around 2008. A red circle highlights "To IPvs" in the top right of the slide. Below the slide is a video feed of the host, Rama Subramaniam. On the right, a "Participants (60)" list shows names like pccleela2005, Rama Subrama..., aasiya, apegameryt001, ayesha, deepakchakkar..., and dharmika. At the bottom are icons for mute, video, chat, and close.
