**SIGHTSEEING & SHOPPING -3<sup>RD</sup> FEBRUARY 2020**

As the first session came to a conclusion, the group was teeming with excitement with all the new knowledge they had procured from the language sharing session. After a filling lunch teeming with the exotic local cuisines, the group set out for Marine Drive and Broadway. Broadway which was more or less reminiscent of the splendid Commercial Street at Bangalore, was the best experience of the day. The local markets offered everything from exotic spices, dry-fruits, clothes, households, food and fun. After spending the afternoon purchasing memorabilia's, they visited the Marine Drive for a soothing Boat trip through the backwaters. The soft breeze and the calming tempo of the waters was the fitting and relaxing end to the day's events. After watching the sunset at the backwaters the group returned to the college for dinner and a happy satisfying sleep.
